

BRIEFS

Good year for SNC

SNC Former expects its sales to rise by 20 per cent to more than Bt10 billion this year, thanks to efficient cost management.

Chief executive Sornchai Thaisa-nguanvorakun said the firm's high-growth products include air-conditioner parts and air-conditioner assemblies for passenger cars, which would grow along with the auto industry. The company is negotiating with three or four potential customers and suppliers from Japan, and expects a deal to be concluded soon. - The Nation
